

Smart Garage Door Operator

The Brightest on the Block.

Officially the Brightest in
the Industry – 25% Brighter
than the Liftmaster® WLED!

LED Lighting | 4,100 Lumens*

Wi-Fi Connected

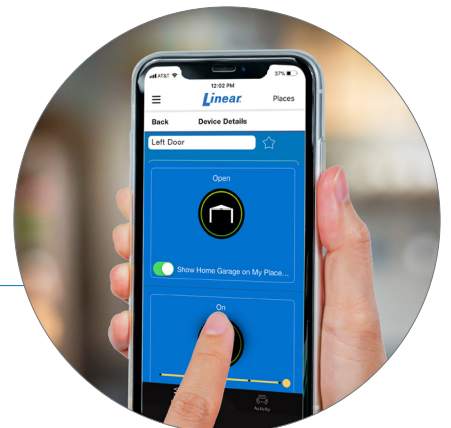

Smartphone-Controlled

Ultra Quiet Operation

Wall-to-Wall Lighting

Garage Door Monitoring and Control

Linear® Smart App

LDCO 863B Smart Garage Door Operator

Never Change a Light Bulb Again.

Our new LDCO863B includes the most advanced lighting features on the market. Featuring 3 LED panels and a total of 4,100 lumens, our new technology will never leave you in the dark.

Ultra-Smooth and Quiet

Industry leading performance with variable speed operation, soft start/stop, and ultra quiet motor.

Integrated Battery Backup

Compliant with California state regulations.

Energy-Efficient LED Lighting

Long life, dimmable LED light panels included.

Secure. Responsive Remote Control

Linear MegaCode remote controls operate over long range and employ high-security technology.

Easy Door Release

Release the operator's quick-disconnect trolley to open or close the garage door manually.

Self-Diagnostic System

The self-diagnostic system continually checks and confirms proper operation, and alerts users both audibly and flashing the lights. In the unlikely event of a problem, it pinpoints the trouble and alerts users by flashing the courtesy lights.

Linear® Smart App

Advanced real-time monitoring and control of garage doors from any mobile device.* Assign custom access and permissions for up to 10 authorized users, and schedule door and light operation. *Wi-Fi and internet connection required.

LDCO 863B Includes

- One MTR3 3-Button MegaCode Remote
- Wi-Fi Multi-Function Wall Control Station
- Obstacle-Sensing Safety Beams
